Hi and welcome to the Forge World catalogue.
Hopefully these next few pages will answer many of your questions and help you in using our catalogue and to order models from Forge World.

Who are Forge World and what do they do?
Forge World is part of Games Workshop based in Nottingham, England. Forge World started making a range of highly detailed resin models from the Worlds of Warhammer and Warhammer 40,000 in 1999 and this catalogue is now packed with wonderful models, both large and small.
All Forge World models are supplied unassembled and unpainted, and currently include Imperial Armour vehicle and aircraft kits, Battlefleet Gothic spaceships and our new game Aeronautica Imperialis as well as terrain for Warhammer, Warhammer 40,000, Epic 40,000.
We have our own team controlling the design, manufacturing, shipping, sales and customer service of the ever growing range of Forge World models.
If you have any comments, questions or suggestions about our products please do not hesitate to contact us.
Finally we hope you get as much pleasure out of building, painting and using these models as we have in creating them!

How can I pay for my order?
Please note that Forge World have a £10 minimum order value before shipping and handling.
Payment can be made by:
1) Credit card. (VISA and MasterCard only.)
2) Debit Card. (UK Maestro, Solo and Delta.)
All credit and debit card orders will be charged in £ Sterling at the £ Sterling price which will be converted to your own currency on your card statement by your card company. The Euro € and US$ prices in this catalogue are shown for customers wishing to pay by Cheque (Please note it may take time to clear your cheque) or Money Order in those currencies. For an example of a current exchange rate visit www.xe.com or contact your card company. Please note this exchange rate may not be the one being used by your card company.
3) Personal Cheque or Postal Money Order made payable to ‘Games Workshop Ltd’ in £ Sterling. Euros € or US$. All Postal Money Orders must be cashable in the UK.
4) Bank Transfer. For orders over £300 we can arrange to take payment by bank transfer. Note that there is an additional charge of £10.00/€15.00/$20.00 for this and that it can take up to two weeks for the transfer to be processed. Please telephone us for details.

Shipping and Handling questions answered
When it comes to shipping, you have a choice between First Class mail and Express Delivery. First Class costs 12% of the order total within the UK, 15% for the rest of the world. Upgrading to Express Delivery costs an additional £12 within the UK and £15 for the rest of the world but is a lot faster. If your order adds up to £250 or more of models or books etc, you will automatically receive completely free shipping and upgraded to express with our compliments!
Please note that as the Forge World offices and warehouse are closed at the weekend, orders placed on Friday, Saturday and Sunday will be processed from the next working day.

The delivery date of orders is dependant on stock availability. Choosing the Express Delivery option will ensure the earliest possible delivery date. If your order is time sensitive or you wish to check the availability of a particular item we recommend you call our customer service team.

As a rule, please allow 28 days from date of ordering for delivery. If you think your order should have been delivered already, please contact your local post office and check it is not being held there as our packages are often too big for your letterbox!
I have a question about my order. What should I do?

If you have any questions, the easiest and fastest way of getting them answered is to telephone one of our friendly and knowledgeable staff. If this is just not possible then you can email us but it may not be possible for us to reply as quickly as we would like so we do recommend calling us.

If calling about an order, please have either the delivery note from the order or your receipt from the online store so we can take the relevant details we need and get to work helping you.

Can I buy Forge World models anywhere else?

Yes, Forge World products can also be purchased from any of the events that we attend. For an up to date list of events we will be attending over the next few months please visit the Events section of the Forge World website.

We usually use these shows as an opportunity to release brand new models and show off work in progress. They are also your chance to ask any questions you have face to face with the Forge World staff.

As Forge World often cannot take our entire range with us to every show, to guarantee getting the models you want at these events we recommend sending a reservation order to us. All we need is your name, which show or event you want to collect your order at and of course, your list of models. We will then pack up your order, take it with us and it will be there waiting for you at the show.

Terms and Conditions

To save room for more new models, we have decided not to print Forge World’s Terms and Conditions in our catalogue. Of course, these are available upon request by calling us on 0115 916 8177 or online at www.forgeworld.co.uk/purchasingfprod.htm These terms and conditions apply to every contact between you and Games Workshop Limited (trading as Forge World) so we recommend that you read them carefully before purchasing anything.

Forge World reserve the right to change any prices, availability and content of any products at any time and without notice.

Where have some of the other models gone?

Our range of models has become so large that we can no longer fit them all in our catalogue. Many of these models such as those shown above, can still be found on our website www.forgeworld.co.uk

IMPORTANT INFORMATION

THese MODELS ARE NOT TOYS AND ARE THEREFORE UNSUITABLE FOR CHILDREN UNDER THE AGE OF 15 YEARS

WARNING: Resin dust can be harmful if inhaled. Always wear a dust mask or respirator when sanding or sawing parts.

ALL MODELS SUPPLIED UNPAINTED AND UNASSEMBLED

Some of the models are complex and require modelling experience to assemble and finish.

WARHAMMER 40,000 TAU MANTA
(Product Code IA-TAU-F-005)
The Manta is by far the largest model that Games Workshop has ever produced, and
by a long way too! The Manta measures 630mm/25 inches long and has a wingspan
of 960mm/34 inches! Weighing in at 12.5 kilos/28 pounds. The Manta has been
designed to have a fully working and detailed interior. The Manta has two decks: the
upperdeck is where you will find forty-eight seated resin Fire Warriors and six Gun
Drones, overseen by a seated Tau Ethereal. On the lower deck are eight Tau
Battlesuits, two Devilfish troop carriers and two Hammerhead battle-tanks. This
whole deck drops down so the vehicles and Battlesuits can disembark and deploy
rapidly. The kit includes two Devilfish, two Hammerheads, eight Battlesuits, six Gun
Drones and one Black and one White Tau decal sheet.
Model designed by Will Hayes.Crew Models designed by Juan Diaz.

For more pictures please check our website http://www.fergeworld.co.uk

IMPERIAL TRENCH SYSTEM
Modular Trench system that features a wide range of options and combinations including fortified firing posts, Death Korps heavy weapons, as well as trench equipment, ladders and a bunker strongpoint. The huge flexibility of the Trench System allows you to create your own unique network of trenches and fortifications for your battles and is intended to be used a part of a purpose made board in conjunction with other terrain.
These are designed to be recessed into a foam terrain board. A quick guide for doing so can be found on our website at http://www.fergeworld.co.uk/trenchtut.htm
